FDD Notice
No. 56-9

31 July 1956
(This notice supercedes
FDD Notice No. 56-4)

SUBJECT: Reporting on International Communism

1. FDD Summary No. 1017, dated 30 July 1956, concluded this Division's series issued under the title "World Press Briefs on International Communism."

2. Two new reports supplant the "World Press Briefs..." as follows:

a. "World Press Summary on International Communist Developments," issued in Summary form, weekly, and bearing the control "For Official Use Only."

b. "East-West and Intra-Orbit Travel and Contacts," issued in OO-W form, weekly, and also controlled "For Official Use Only."

3. Preparation of Material for Publication

a. "World Press Summary of International Communist Developments"

(1) This publication is organized as follows:

Section I presents highlights and surveys of world press reaction to important current Communist developments including analyses with excerpts of important non-Communist discussion especially from the Socialist forces.

Section II gives compact summaries, extracts, and abstracts of articles reporting events of major importance to the Communist parties and front organizations in individual countries.

The Appendix contains the full or partial translation of official party statements, resolutions, etc., or articles considered particularly noteworthy.

(2) The information should be reported in free style; however, significant items not directly related to over-all internal developments may be reported individually in press style.

It is highly desirable that the sources referred to in the reports be identified fully, including political orientation.

(3) The items should be typed on letter-sized paper with the name of the country and the name of the analyst at the top.

(4) All items should be submitted to the coordinator, [redacted] Eastern World Branch (Bay 2126-28, Ext. 2312) by 1200 each Thursday for inclusion in the report which is due in Editorial Section/BR at 0900 on the following Tuesday.

The report is deadline for reproduction at 1700 Thursday.

3. "East-West and Intra-Orbit Travel and Contacts"

All contributions will be submitted according to requirements and editorial procedures now in effect.

4. Only unclassified material may be included in these publications.
